## **“The Cosmo Connection”**

Volume 2, Issue 6

June 2008

**S**chool's out, Green Country is beginning to green up, and we've yet to encounter the really brutal temperatures coming our way in July and August. It's an ideal time to hang out on our patio with some good friends and some great food and drinks. That's just one suggestion. Here are some more:

**J**une marks the official kickoff of the 2008 picnic season - which officially lasts until the outdoor lifespan of a Popsicle drops to 45 seconds. We at Cosmo have taken it upon ourselves to make *your* picnic season a breeze this year. Beginning June 1<sup>st</sup> we're offering "**Picnics to Go, Your Turnkey Picnic Solution.**" Pick up a copy of our special picnic menu the next time you stop by or download it from our website ([www.cosmo-cafe.com](http://www.cosmo-cafe.com)) or call us up at **459-0497** and we'll fax it to you. Then you can place your order for a fresh, made-to-order picnic all wrapped up and ready to go. All you'll have to do

then is round up a blanket - and maybe a bottle of wine (we'd include that too but we're in Oklahoma so we can't.) Oh, and sunscreen - don't forget the sunscreen.

**J**une 1<sup>st</sup> is **Flip a Coin Day**. Rumor has it that Julius Caesar would flip a coin to aid him in making difficult decisions. Therefore on this day those who observe this particular holiday do the same. We're not sure how things worked out in the end for Julius, but we can imagine various catastrophic outcomes that could result from using this method to decide important issues. So if you flip, please flip responsibly. Thank you.

**S**aturday the 14<sup>th</sup> is our **Animal House Toga Party**. Drink specials that week are **Jager shots and Pabst Old Style Lager**, so if you missed out on the college Greek scene it's time to experience what you missed (and possibly be thankful you missed it the first time around.)

Continued from page 1

The following day is **Father's Day**, and if you bring your favorite dad in for lunch or dinner (or maybe a beer or two) we will give him a **Free Roll of Duct Tape!** Honestly, we can't think of anything more useful to a man than duct tape (and he really doesn't need another tie - thanks anyway.) Apart from obvious uses such as

holding the batteries inside your remote control after you lose the cover thingy or attaching it to the end of a broomstick to fish coins out from behind heavy furniture, duct tape can also serve as a mute function for humans and even has some silly uses like repairing damaged fruit. Have a great June!
